Summary of Position

The Certified Pedorthist will join an established, fully integrated multi-site, multi-provider podiatry practice to provide the highest standard of care as we increase throughput and add value to our patient offering. The Certified Pedorthist will be responsible for assessing patients, formulating treatment plans in conjunction with physicians, implementing treatments plans, and following up with patients.

Duties & Responsibilities

- Collaborate with physicians in the evaluation and analysis of a patient's need for pedorthic services; recommend treatment options to physicians when necessary.
- Examine and evaluate patients' needs in relation to disease and functional loss.
- Select materials, make cast measurements, model modifications, and layouts, considering new techniques and materials.
- Perform fitting, including static and dynamic alignments.
- Evaluate pedorthic devices and any collateral prosthetic or orthotic devices on patient, adjust to assure fit, function, medical efficacy, and quality of work.
- Instruct patient in the use of pedorthic, orthotic or prosthetic devices utilized in fulfilling the patient's needs.
- Provide detailed notes to patient records.

Qualifications & Experience

- Current board certification in Pedorthics from the American Board for Certification (ABC) or the Board of Certification (BOC); or an equivalent combination of education and experience to meet board eligibility.
- Self-starter, highly motivated, and able to complete tasks with minimal supervision.
- Strong communication skills both verbally and written, compassion, and a positive demeanor.
- Bachelor's degree from an accredited university in business or healthcare preferred.
